15 It is not clear for what purpose the Choultry is to be transferred, since it is not to be maintained as a musafirkhana, may the D.C. Bangalore be asked to state the purpose for which the building will be put to? A draft is made.

16/1915 The resolution of the Dist Board to transfer the building (Purnaiya's Chattiram at Chennapatna) to the Revenue Dept may perhaps be approved. There does not appear to be any necessity to call for further information.

17 The copy of the letter of the D.C. requesting postponement of the sale until a decision to the building being taken over by the Rev Dept is not on the file. The building is apparently an exceedingly dilapidated one and it is not known why the Rev Dept should take it over. The D.C. may perhaps be asked for his views in the matter.

20. The chattram building in question was handed over to the District Board, Salem in G.O. No. 2339, Mis. dated 26-9-1898 subject to certain conditions. It is seen from the correspondence that the District Board have not carried out the conditions laid down therein with the result that the Board should have no voice in its disposal now. The building - whether in good condition or otherwise - should revert to the Museum Dept. and should rest in it after resumption. The manner of disposal should be left to that Dept. The D.C. Salem has not also stated definitely in his letter dated 5th July 1937 what should be done with the said temple. In view of these facts, it is a point for orders whether the Museum Dept. may not be consulted

27/12

Letter No. C. R. 237/36-37 dated the 11/12th October 1936 from the President, District Board, Bangalore, to the Deputy Commissioner, Bangalore District, Bangalore.

With reference to your letter No. C. 762/36-37 dated 9th September 1936 regarding the repairs to the old Annachatram at Channapatna, I have the honour to state that in accordance with Government Order No. 2339-42/Muz. 96-27-8 dated 23rd April 1929, the District Board took over the old building for maintenance as a Musafirkhana subject to the condition that the building should be immediately repaired at the cost of the Board and that arrangements should be made by the Board to protect the temple within the Annachatram and separate it from the main building. An estimate was then caused to be prepared by the Assistant Engineer for dismantling the old building and constructing a new Musafirkhana for Rs. 5,800/-. At the District Board Meeting held on 1/2nd April 1931 Mr. Sidde Gowda of Channapatna moved a resolution to construct a separate Musafirkhana building saying that the present building is in a dilapidated condition and the Board passed a resolution agreeing to his proposal. Thereupon the materials of the building were put up for sale on 28th April 1938nd the highest bid was Rs. 150/-. The sale was cancelled as the bid amount was considered low. Again notices were published offering the materials of the building for sale on 26th August 1936, but the sale was not held. The improvement of the building was not taken up as the present old building is not capable of improvement or of repairs even. It was proposed to sell away the materials as the present building is an eye-sore and sanction of Government was solicited. Meanwhile the sale is postponed in view of your letter.

Regarding the handing over of the building to the Revenue Department, the opinion of the Board is necessary. I will have the matter placed before the Board and intimate to you its views soon after the meeting.

Subject:--

With reference to your letter No.L.3307/L.B.29-36-44 dated 10th June 1937, in the matter of handing over the Purnaiya's Choultry/at Chennapatna to the Revenue Department and requesting me to intimate the purpose to which the building would be put, if it is not to be maintained as a Musafirkhana I have the honor to forward herewith the entire correspondence received with the report of the Sub Division Officer, Closepet, in his No.A.6.217/36-37 dated 25th June 1937.

Building

It is seen from the report of the Amildar that the building is in a most dilapidated and dangerous condition. It is also stated that the Municipality may be permitted to make use of the materials of the building for Town Improvement. In case the building is not taken care of either by the Municipality or by the Revenue Department, even the materials which are available at present would soon disappear.

The Sub Division Officer, Closepet, in submitting the report of the Amildar has therefore recommended that the Municipality might be permitted to make use of the available materials and demolish the building and hand over the site to the Revenue Department as agreed to by the District Board at their meeting held on 21-4-37.

In the circumstances reported by the Amildar as recommended by the Sub Division Officer, the building may be ordered to be demolished and the Municipality permitted to make use of the materials. The site, after the building is levelled down, may be ordered to be retained by the Revenue Department. I have inspected the building and agree that this is the

the best course.
